

# SAN FRANCISCO WALDORF HIGH SCHOOL

## Recommended Student School Supply List

Homework & Yearly Planner (will be provided for 9<sup>th</sup> and 10<sup>th</sup> grade students)

Pencils

Pens

Highlighters

Colored Pencils

Binder (s) with subject dividers

Loose leaf paper

Index cards

**Calculator:** All students would benefit by having a calculator. [Casio fx-300ES](#) plus is a good basic calculator.

**Honors math students** will need a graphing calculator. [The Texas Instruments TI-84 Plus Graphing Calculator](#) or the [TI-84 Plus CE Graphing Calculator](#) are the favorites of our students and faculty. Students will know their math placement when they receive their schedules on Monday, August 20.

If you are considering buying your student computer to use at home, they will primarily use Microsoft Office, email, Google docs and a printer. Computers are recommended but not required. When computers are required for class work, students may always use school computers (laptops or library computers).
